

Tab 6

February 7, 2017 Manager's Report

Financials are attached. Still a few things not moving properly. Working on March statements...balanced through February. Salt PO problem corrected, several others fixed as well.

Still collecting *pothole* addresses. Send to admin@townoforiental.com

Hurricane Matthew: Damages are in process with FEMA- updated spreadsheet attached.

Landscaping is started on the lift station at the beach. Tree Board members are designing and assisting in installation. We'll be adjusting drainage in house to ease erosion.

Drainage clearing continues while vegetation is knocked down. Several long ditches have been addressed, several more on the list.

Input- We'll be taking input via email or postal mail on priorities for next fiscal year from citizens. Projects supported or not supported, opinions on priorities of residents can be sent to admin@townoforiental.com and will be compiled for the Board for their retreat on March 24. We encourage anyone with suggestions to forward them for consideration by the Board as they start the budgeting process. Also, all citizens are welcome to attend the retreat and Commissioners may or may not take public comment at that meeting.

Mike Hill from NCRWA will be here Feb 24 to do our CCR and Water Emergency Plan.

Tammy Cox and Diane Miller will be at **UNC SOG Feb 28-Mar 1** for Water and Wastewater Infrastructure Seminar at which impact fee issues will be discussed at length with updates.
