61st Annual Ocracoke Regatta

June 15, 2024

McCotters Marina of Washington and the Inland Waterway Provision Company of Oriental are pleased to sponsor the Pamlico Sailing Clubs Annual Ocracoke Regatta

This years event promises to be particularly special for at least three reasons:

1st.....Entry fee will be going to the Little Washington Sailing School to help them in their mission to introduce new sailors to our wonderful sport. Visit them at:
www.littlewashingtonsailingschool.org

2nd...This will be a pursuit race with handicapping done at the start. The slower rated boats will start first and faster rated boats will start last. This will take the guess work out of how you did and make for some exciting finishes. This format will also mean we all finish at more or less the same time..... and early enough for shore side activities on the island.

3rd.... This will be the 61st Annual Ocracoke Regatta! Some of you will remember the early days when it was not uncommon to see 50 or more yachts gathered at Indian Island ready to race. Excitement is building and our goal is to have as many boats turn out as possible.

Whether you have raced with us to Ocracoke before, or if this will be your first time, we look forward to having you join us! Your participation will help make this the best regatta yet, and will help us fund training for new sailors at the Little Washington Sailing School! Thank you!

RACE DAY!
