

Performance Schedule

Because most of our performance locations are covered, performances will continue in the case of showers. Please wear rain gear! In the case of severe weather, the entire festival program may be moved to indoor venues. This decision is an all-or-nothing thing for both days: everything remains outdoors or moves indoors. If we are forced to move indoors, please note that venues may have restrictions on the number of people that may attend. We appreciate your cooperation with the volunteers managing each indoor venue.
