

PCC Cultural & Life Enrichment Program

Spring/Summer 2022

The Cultural & Life Enrichment Program at Pamlico Community College is designed to promote personal growth and self-enrichment through a variety of courses.

This may include courses in leisure activities, non-vocational skill development, learning a new language, discovering a new talent, arts & crafts, media techniques, wellness activities and much more, as well as musical and theatrical productions.

These classes are non-curriculum and self-supporting. They rely on the talents and skills of some of our community's gifted residents who are so often eager to share with the community.

Watch the website for upcoming classes:
