October & November Class Offerings

Thursday evening, October 11, 18 & 25: 5:30 – 9 PM, **Beginning Woodworking #1011022**. Instructor is Jonathan Burger. In three sessions novice woodworkers learn how to safely operate machinery and tools while making a laminated cutting board. Registration is \$180, maximum of 8 students.

NEW: Tuesday, [October 16, 23 & 30](#): 9 AM – 12 PM, **Woodworking Joinery #1016001**. Many graduates of our beginning woodworking classes have asked for an advanced class, here it is: Instructor is Joe Clay has developed a course that will explore different wood joints, i.e., half lap, dovetail, mortise and tenon, and the Festool Domino. Three sessions will combine lecture, demonstration and hands-on learning from a master. The first class will be beta testing, so we are offering it for only \$100. With a maximum of 6 students.

Tuesday, October 16, 23 & 30: 5:30 – 9 PM, **Sculpture Welding #1016010**. Instructor is Jonathan Burger. In three sessions students learn the fundamentals of MIG welding and metal fabrication. Registration is \$250 includes materials and consumables. Maximum of 4 students.

Thursday evening, November 1, 8 & 15: 5:30 – 9 PM, **Beginning Woodworking #1101024**. Instructor is Jonathan Burger. In three sessions novice woodworkers learn how to safely operate machinery and tools while making a laminated cutting board. Registration is \$180, maximum of 8 students.

Saturday, November 3, 10 & 17: 9 AM – 12 PM, **Beginning Woodworking #1103025**. Instructor is Joe Clay. In three sessions novice woodworkers learn how to safely operate machinery and tools while making a laminated cutting board. Registration is \$180, maximum of 8 students.

Tuesday, November 6, 13 & 20: 9 AM – 12 PM, **Woodworking Joinery #1106002**. Many graduates of our beginning woodworking classes have asked for an advanced class, here it is: Instructor is Joe Clay has developed a course that will explore different wood joints, i.e., half lap, dovetail, mortise and tenon, and the Festool Domino. Three sessions will combine lecture, demonstration and hands-on learning from a master. Registration is \$180 with a maximum of 8 students.

Tuesday, November 6, 13, & 20: 5:30 – 9 PM, **Sculpture Welding #1106011**. Instructor is Jonathan Burger. In three sessions students learn the fundamentals of MIG welding and metal fabrication. Registration is \$250 includes materials and consumables. Maximum of 4 students.
