Dear Mr. Wallace:

The NC Division of Coastal Management hereby acknowledges receipt of your application for State approval for development of property located off 5005 Maritime Drive Oriental in Pamlico County, North Carolina. It was received on 30 November 2020, and appears to be adequate for processing at this time. The projected deadline for making a decision is 13 February 2021. An additional 75-day review period is provided by law when such time is necessary to complete the review. If you have not been notified of a final action by the initial deadline stated above, you should consider the review period extended. Under those circumstances, this letter will serve as your notice of an extended review. However, an additional letter will be provided on or about the 75th day. Kent Vaughan, Field Representative for the Division of Coastal Management is responsible for processing your permit and he can be reached at 252-948-3853 or via email at Kent.Vaughan@ncdenr.gov if you have any questions.

If this agency does not render a permit decision within 70 days from 02 November 2020, you may request a meeting with the Director of the Division of Coastal Management and permit staff to discuss the status of your project. Such a meeting will be held within five working days from the receipt of your written request and shall include the property owner, developer, and project designer/consultant.

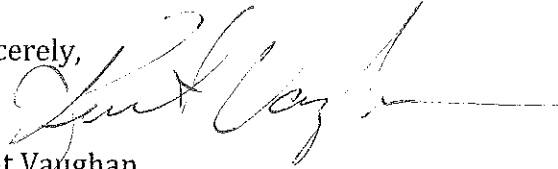

NCGS 113A-119(b) requires that Notice of an application be posted at the location of the proposed development. Enclosed you will find a "Notice of Permit Filing" postcard which must be posted at the property of your proposed development. You should post this notice at a conspicuous point along your property where it can be observed from a public road. Some examples would be: Nailing the notice card to a telephone pole or tree along the road right-of-way fronting your property, or at a point along the road right-of-way where a private road would lead one into your property. Failure to post this notice could result in an incomplete application.
